

College of Civil and Transportation Eng

Institute Of Geotechnical Engineering						
Supervisor	Supervisor Type	Major	Research Directions	Email	Tel	Office
XU WEI YA	Master/Doctor	Geotechnical engineering	Research on the basic theory of rock mechanics; Study on geotechnical engineering problems of high and steep slope	wyxu@hhu.edu.cn	2583787379	YANTU BUILDING 303
RUAN HUI NING	Master/Doctor	Geotechnical engineering	Geotechnical engineering; stability and deformation analysis; numerical simulation and calculation of rock and soil; medium structure	hnruan@hhu.edu.cn	2583786433	
SHI JIAN YONG	Master/Doctor	Geotechnical engineering	Reinforcement of soft soil foundation and foundation engineering; environmental geotechnical engineering	soft-gvound@hhu.edu.cn	2583787216	YANTU BUILDING 301-1
FENG TU GEN	Master	Geotechnical engineering	Seismic and engineering; embankment, dam and road engineering	tgfeng75@yahoo.com.cn	2583787290	
ZHU JUN GAO	Master/Doctor	Geotechnical engineering	The constitutive relation of soil; earth rock dam	zhujungao@hhu.edu.cn	2583787217	
YU XIANG JUAN	Master/Doctor	Geotechnical engineering	Soil testing; soil dynamics and geotechnical	xjyu@hhu.edu.cn	2583787196	YANTU BUILDING 211-1
HONG BAO NING	Master/Doctor	Geotechnical engineering	Research on micro structure; test; inverse analysis of engineering problems	hongbaoning24@sohu.com	2583787176	KEXUE BUILDING 516, YANTU BUILDING 302
ZHU ZHEN DE	Master/Doctor	Geotechnical engineering	Rock mechanics; theory research; underground space and underground engineering	zzdnj@mailsvr.hhu.edu.cn	2583787175	YANTU BUILDING 311
LI SHOU DE	Master	Geotechnical engineering	Analysis of slope stability and seepage; foundation pit engineering; road and dam	lishoude@hhu.edu.cn	2583787918	YANTU BUILDING 407
GAO YU FENG	Master/Doctor	Geotechnical engineering	Seismic and engineering; embankment and road engineering	yfgao66@yahoo.com.cn	2583787287	
LU TING HAO	Master/Doctor	Geotechnical engineering	Basic soil properties and soil structure interaction; earth rock dam	lutinghao@hhu.edu.cn	2583787035	
LEI GUO HUI	Master	Geotechnical engineering	Treatment of soft soil foundation; foundation engineering	leiguohui@hhu.edu.cn	2583787216	YANTU BUILDING 301-2

CHEN LIANG	Master	Geotechnical engineering	Geotechnical engineering;seepage;theory and test;automation;	chenliang@hhu.edu.cn	2583787031	
DENG AN	Master/Doctor	Geotechnical engineering	Environmental geotechnical engineering	a_deng@hhu.edu.cn	2583787918	
YUAN JUN PING	Master	Geotechnical engineering	The characteristics of unsaturated soil;embankment engineering	yuan_junph@hhu.edu.cn	2583787918	YANTU BUILDING 208
ZHOU YUN DONG	Master	Geotechnical engineering	Seismic;soil dynamics and engineering;embankment,dam;and road engineering	ydzhou@hhu.edu.cn	2583787918	
PENG JIE	Master	Geotechnical engineering	Treatment of soft soil foundation;rock and soil;engineering test	peng-jie@hhu.edu.cn	2583787918	YANTU BUILDING 304
GUO HAI QING	Master	Geotechnical engineering, Disaster prevention and Mitigation Engineering	The deformation and failure mechanism of rock and soil;under multi field coupling;deformation;monitoring and numerical calculation;	ghq@mailsvr.hhu.edu.cn	2583787918	
WU YUE DONG	Master	Geotechnical engineering	Soft foundation treatment;and foundation engineering;testing technology of geotechnical engineering	hhuwyd@163.com	2583787918	YANTU BUILDING 403室
CHEN YONG HUI	Master	Geotechnical engineering	Soft foundation treatment;and foundation engineering;environmental geotechnical engineering	yonghuich@163.com	2583787918	
ZHANG WEN HUI	Master	Geotechnical engineering	Geotechnical;engineering test;foundation treatment	zhangwenhui@hhu.edu.cn	2583787032	
AI YING BO	Master	Geotechnical engineering	Treatment of soft soil foundation;foundation pit engineering	yba@hhu.edu.cn	2583787918	YANTU BUILDING 405
ZHANG KUN YONG	Master	Geotechnical engineering	Basic soil;properties and soil;structure interaction;	ky_zhang@hhu.edu.cn	2583787918	YANTU BUILDING 405
ZHANG FU HAI	Master	Geotechnical engineering	Treatment of soft soil foundation;soil testing	fhzhang@hhu.edu.cn	2583787032	
GU CHANG CUN	Master	Geotechnical engineering	The road;embankment;foundation treatment;soil testing	changcungu@126.com	2583787918	YANTU BUILDING 310
ZHAO ZHONG HUI	Master	Geotechnical engineering	Unsaturated soil;environmental geotechnical engineering	acfchiu@yahoo.com.cn	2583787918	YANTU BUILDING 403
SHEN YANG	Master	Geotechnical engineering	The soil;static and dynamic;characteristics and constitutive theory;foundation treatment	shenyang1998@163.com	2583787772	

GAO MING JUN	Master	Geotechnical engineering	Geotechnical engineering test; foundation treatment	Mjgao_2222@sina.com	2583787031	
WANG P; WEI	Master	Geotechnical engineering	The constitutive relation of rock mechanics of materials; application of rock mechanics and Engineering	hiwangwei@yahoo.com.cn	2583787561	
SHI; CHONG	Master	Geotechnical engineering	Rock mechanics and engineering; high rock slope and underground engineering	scvictory@hhu.edu.cn	2583787918	
Institute Of Safety and Disaster Prevention Engineering Research						
LIU HAN LONG	Master/Doctor	Disaster prevention and Mitigation Engineering	Soil dynamics and earthquake engineering and disaster reduction; soft soil mechanics and foundation treatment; highway (railway) road foundation treatment and control of settlement	hliu@hhu.edu.cn	2583786918	
LIU JUN	Master/Doctor	Disaster prevention and Mitigation Engineering	Granular mechanics and the discrete element method; explosion hazard prevention and control	ljun8@263.net	2583787172	
ZHOU XING DE	Master/Doctor	Disaster prevention and Mitigation Engineering	Earthquake disaster engineering; foundation vibration isolation and vibration control; soft soil foundation treatment and foundation engineering	xingdezhou@hhu.edu.cn	2583786006	
ZHANG FUYOU	Master	Disaster prevention and Mitigation Engineering	Earthquake disaster prevention and mitigation engineering;	fyzhangmy@sina.com	2583787918	YANTU BUILDING 206
Research of Tunnel and City Rail Project						
WANG YUAN	Master/Doctor	Bridge and tunnel engineering	Seepage failure and control of geotechnical engineering; seepage flow in fractured rock and should study the coupling stress field	wangyuanhhu@163.com	2583787163	
ZHONG XIAO CHUN	Master	Bridge and tunnel engineering		xchzhong@TOM.com	2583787029	

SHEN CAI HUA	Master	Bridge and tunnel engineering	tunnel;stability and deformation control;anti and construction analysis of numerical simulation of tunnel;tunnel;fore nsic engineering;site monitoring	shencaihoa@163.com	2583787354	
Research on Bridge Engineering						
JI BO HAI	Doctor/Master	Bridge Engineering	Steel bridge;anti earthquake;disaster; maintenance and;repair;steel and concrete composite beam bridge structure	hhbhji@163.com	2583787635	
NIE LI YING	Master	Bridge Engineering	Bridge seismic;disaster; coastal;bridge	nly1972@hhu.edu.cn	2583786551	
YUAN AI MIN	Master	Bridge and tunnel engineering	The theoretical;model; of prestressed concrete;bridge design;bridge	yuanam@163.com	2583786551	
Road and Railway Engineering Research Institute						
WANG BAO TIAN	Master/Doctor	Bridge and tunnel engineering	Testing technology of geotechnical engineering;the application of reliability theory;in geotechnical engineering	btwang@hhu.edu.cn	2583787020	
LI GUO WEI	Master	Bridge and tunnel engineering	The static and dynamic;characteristics of soil;subgrade engineering	lgwna@163.com	2583787561	
YU XIN	Master	Bridge and tunnel engineering	Highway;(railway) ;road;pavement technology;and quality control of;expressway pavement;structure and;materials;	hhu_yuxin@163.com	2583787353	
CHEN JING YA	Master	Bridge and tunnel engineering	The road;subgrade and pavement;engineering; design concept;legislation exchange;traffic;s afety evaluation	13805151397@139.com	2583786745	
CAO XUE SHAN	Master	Bridge and tunnel engineering	Highway engineering technique;treatment technology of;road slope	caoxueshan_7712@hhu.edu.cn	2583787353	
Structural Engineering Research Institute						
WU SHENG XING	Master/Doctor	Structural engineering	Study on the early;crack;mecha nism of modern;concrete structure;and a whole set of control;technology; ;research on dynamic;performance of concrete;simulation;anal ysis of;reinforced	sxwu@hhu.edu.cn	2583786462	

CAO PING ZHOU ;	Master/Doctor	Structural engineering	Research on the performance and design of steel structure and steel and concrete composite structure; research on the performance and design of hydraulic metal structure; and Research on reinforcement for the reliability assessment	pzcao@hhu.edu.cn	2583787836	
ZHU ZHAO QUAN	Master	Structural engineering	Stability analysis of steel structure; numerical calculation; safety analysis; and reinforcement study of	zzq@hhu.edu.cn	2583786551	
WU ER JUN	Master	Structural engineering	Theory of reinforced concrete structure design; engineering structure strengthening & transformation	wej@hhu.edu.cn	2583786551	
ZHOU JI KAI	Master	Structural engineering	The dynamic mechanical properties of concrete composite engineering application; calculation method of concrete structure; basic theory	zhoujikai@163.com	2583786551	
DING XIAO TANG	Master	Structural engineering	The calculation method of concrete structure; basic theory and modern design and performance test methods; for earthquake resistance of engineering structures	xtding2000@sina.com	2583786551	
WANG JI WEI	Master/Doctor	Structural engineering	The basic theory of the structure of reinforced concrete structure; structural dynamic analysis	wjw2903918@126.com	2583786551	
CAO LANG	Master	Structural engineering	The calculation method of model structure and steel-concrete composite structure; design and performance of concrete structure; the basic	caolang2004@126.com	2583786551	
ZHANG HUA	Master	Structural engineering	Large span structure; wind-induced dynamic performance; impact; dynamic test	zhanghuacd@hotmail.com	2583786551	
WEI FANG FANG	Master	Structural engineering	Large span steel structure; prestressed concrete structure	weifangfang@vip.sina.com	2583786551	

SHEN DE JIAN 	Master	Structural engineering	Early crack control and repair method of concret e structure; energy dissipationmeasures of complex engine ering structure seismic performance sp;assessment of health; reinforced concrete structure repair and performance of	shdejian@hhu.ed u.cn	2583786183	KEXUE BUILDING Main 418
The Research of Traffic and Transportation Engineering						
WU & nbsp; ZHONG&nb sp:	Master	Transportation planning and management	Transportation planning and management; traffic safety	wuhohai@sina.co m	2583787634	
ZHENG CHANG JIANG 	Master	Transportation planning and management		zhenghhu@sina.co m	2583787351	
YUAN p; LI 	Master	Transportation planning and management	Road traffic and safety, transportation planning and management, traffic information control	yuanlibox@sina.co m	2583787354
